## **QUESTIONS FROM WESTERN WHEEL**

Due by 2017-10-02 at 12pm; 50 words/answer

- Why are you running to become a trustee?

**To offer a fresh perspective. I want to expand the use of technology training in the classroom and adapting its use outside of the classroom. I believe this can be of huge benefit to the future of our Learners living in a high-tech world.**

(Word count: 45)

- With provincial legislation eliminating some school fees, is there anything you would do to reduce fees further?

**I would put an emphasis on fiscal efficiency and responsible timelines. Being respectful of time, in meetings and timelines; by working hard and facilitating the administration. Specifically, by trying to source new funding through subsidies and corporate sponsorship. More information can be found at <http://toby.kliem.ca>**
